I prayer to the air
Faithless, unbelieving.
Lost in despair
The darkness deceiving
But I held on
My pride too strong
I needed His love to show me

And then my heart was broken
And my eyes were opened
I could feel His arms around me
I could feel His love surround me
Oh, and I felt His grace
And I will praise His name
I lived for so long without knowing
I didn't care where I was going
Until my heart was broken

I knew when I knelt
I knew from that moment
How good it felt
Letting go of my soul and
Trusting Him
He took my sins
I gave them all up to know Him

Chorus

Oh and I feel His grace
And I will praise His name
I lived for so long without knowing
And I didn't care where I was going
Until my heart was broken.
