I don't wanna go
Baby I don't wanna go
I've cried, I've tried
I came out the other side

I don't wanna go
Baby I don't wanna go
I've cried, I've tried
How can you see me this way?

And then the music plays
But what will be left to say?
I came right out of top
I can make your record stop

I've cried, I've tried
I came out the other side
Don't wanna leave you this way

Oh! Can you hear me say?
Over begging and pleading
I finally made it here
Without you

Oh! Can you hear me say?
Over endlessly waitin'
I finally made it here
Without you

I've been down
But I still made it through
And you know
I've got nothing to lose

Oh! Can you hear me say?
Over begging and pleading
I finally made it here
Without you

I don't wanna stay
Baby I don't wanna stay

I've cried, I'm fine
Catch me on the other side

I don't wanna stay
Baby I don't wanna stay
I've cried, I'm fine
Don't wanna leave you this way

And then the music plays
But what will be left to say?
I came right out of top
I can make your record stop

I've cried, I've tried
I came out the other side
Don't wanna leave you this way

Oh! Can you hear me say?
Over begging and pleading
I finally made it here
Without you

I've been down
But I still made it through
And you know
I've got nothing to lose

Oh! Can you hear me say?
Over begging and pleading
I finally made it here
Without you

Another day
Another reason why I'm alone
You said you'd stay
But lately I've been standing on my own

Here it goes
You said it wouldn't stop
When the records starts to drop
You'll hear me loud and clear
Without you

And then the music plays
But what will be left to say?
I came right out of top
I can make your record stop

Oh! Can you hear me say?
Over begging and pleading
I finally made it here

Without you

Oh! Can you hear me say?
Over endlessly waitin'
I finally made it here
Without you

I've been down
But I still made it through
And you know
I've got nothing to lose

Oh! Can you hear me say?
Over begging and pleading
I finally made it here
Without you
(I can make your record stop)

Over begging and pleading
I finally made it here
Without you
(I can make your record stop)

Over begging and pleading
I finally made it here
Without you
Over begging and pleading
I finally made it here
Without you
(I can make your record stop
Record stop, record stop, record stop,
Record stop, record stop)
