Never gonna be in movies
Except in a front row seat
Never gonna be
The raving beauty
My momma thought I'd be
Never gonna write that novel
Never be a homecoming queen
Never gonna be a supermodel
On the cover of a magazine

But all those things
Don't matter in the
Light of things to come
'Cause baby
You are my moon
And I am your sun, oh

You make me feel
Like a star
Oh, baby
You say stay
Baby stay
Just the way you are
And tell me girl
You're fine
And you will shine
Forever in my heart
That's why you
Yeah you
You make me feel
Like a star

Maybe I'm ain't
The girl next door
Who waves
At you and smiles
Maybe I'm not
A party girl
But don't
I drive you wild
Baby

The way you see me
Is the way
That it should be
Feelin' like
I'm something special
Seven days a week

And the only thing
That matters
When the day is done
Is that you are my moon
And I am your sun, oh
You make me feel
Like a star
Oh, baby
You say stay
Baby stay
Just the way you are
And tell me girl
You're fine
And you will shine
Forever in my heart
That's why you
Yeah, you
You make me feel like
Everyday's my birthday
Every night's a dream
Oh
And when you kiss me
I melt just
Like ice cream

Never gonna be
A Charlie's Angel
Never gonna be
A saint
But you love me
For all I am
And everything
I ain't

You make me feel
Like a star
Oh, baby
You say stay
Baby stay
Just the way you are
And tell me girl
You're fine
And you will shine
Forever in my heart

That's why you
Yeah, you
You make me feel
Like a star
