(Verse)

Looking in the mirror when I wake up,
Think of all the drugs, but I let it go, I let it go.
Minute after minute as the day goes
Waiting for the night, so I can take off, take off.

(Pre-Chorus)

We've got our all lives to lay
Or we can let it go away.
So this was our last break
Wanna be the end and say

(Chorus)

That I let you know you break, oh no
What are we left to say?
Went after rain, let it all out tonight, babe,
Tonight, baby,
We're alive, babe, so we have time crazy
Tonight, baby, tonight baby, tonight baby
Live life, baby.

(Verse)

Haven't realized how days go
See, I don't bury all for feel alone, feel alone.
It turns into nights, gotta lay, though,
And it's the perfect time just to let it out, let it out.

(Pre-Chorus)

We've got our all lives to lay
Or we can let it go away.
So this was our last break
Wanna be the end and say

(Chorus)

That I let you know you break, oh no
What are we left to say?
Went after rain, let it all out tonight, babe,
Tonight, baby,
We're alive, babe, so we have time crazy
Tonight, baby, tonight baby, tonight baby
Live life, baby.

(Bridge)

When you look around we ain't got time around for no
I'll sing a sad song, cause before the night is over,
We're gonna have the story of a lifetime
Never been a more right time.
Just give me your co-sign, we can guess and go a ride.

Tonight, baby,
We're alive, babe, so we have time crazy
Tonight, baby, tonight baby, tonight baby
Live life, baby.
