Im taking no religion  
No religions taking me  
Now theres only one thing  
And this one thing that sets me free  
Listening to my music  
The escape to keep me sane  
With an overloaded bass-line  
Which goes straight to my brain  
I push up on the volume  
Till its crystal clear and loud  
My body starts to tingle  
Just by listening to the sound  
Nothing else can do the same  
It hits the spot so fast  
Music is my first love  
People will always be my last  
Cant explain the freedom  
And the feeling from the bass  
Something just comes over me  
Which nothing can replace  
You tune in you close your eyes  
Im living in a dream  
Hypnotised by something  
You heard but never seen  
The rhythem is a mystery  
The magic i can tell  
The boost the bass  
The meldoy just gets me in the spell  
Some loves in life will come and go  
But one will never pass  
Cuz music is my first love  
People will always be my last
