What's in the house controls the 60 million  
Do they have to have it all?  
Gaze from above look what it has become  
Let's make a prophet out of this, a prophet out of  
I can't get one I can't get any printed exchange for  
hours of chess it seems  
Help! (help) x6  
Reach for the blinding light,

Farewell Mr chairman  
A least you don't have to pay the rent

Affended? Apprehend me  
Then take me to the money safari  
I went back for the crown for the crown  
I went back to the town to the town  
Solid system I guess favour over the test yeah

Farewell Mr chairman  
A least you don't have to pay the rent

Farewell Mr chairman  
A least you don't have to pay the rent
