Tell me something away from trouble and away from
doubting

Tell me straight from the spirit, from the top of the
mountain

Let love be the reason between me and you

As real as the morning as fresh as the dew

If fates got a hold then it's up to you

It's a simple thing we've got to do

Just a listening man

Try to understand

Just a listening man

Doing the best I can

Tell me something before I stumble and show my
weakness

Tell me right on the limewire fighting for progress

I can hear there's a sound that's coming through

There's a post in the ground so what we gonna do?

You can have all your dreams if you really believe in
something that's

something true

Just a listening man

Try to understand

Just a listening man

Doing the best I can

Just a listening man

Try to understand

Just a listening man

Getting carried through this land

Tell me something without any lies that cover my
feelings

Give me time now I understand these lessons have
meaning

Let love be the reason between me and you

As real as the morning as fresh as the dew

If fates got a hold then it's up to you

It's a simple things we've go to do

Just a listening man
Try to understand
Just a listening man
Doing the best I can

Just a listening man
Try to understand
Just a listening man
Getting carried through this land
