It's been so long since I've been home
(... back)
I brought the betas and I'm feeling raw
Too much space where you belong
Some wet dark room
These feelings are right to be wrong!
(That's the move)

It's been so long since I've been home
(I'll be pissing you from the start)
My body beats and I'm feeling raw
(Uh, still...)
Too much places I have fought
Playing the game, scoring my name
Couldn't have been so wrong!

... look on your head
And turn on the...
Your own...

... wake up, you're into...
I like... be missing you...
Too much space where you belong
Some wet darker room
These feelings are right to be wrong!
(That's the move)

It's been so long since I've been home
(I'll be pissing you from the start)
My body beats and I'm feeling raw
(Uh, still...)
Too much places I have fought
We're playing the game, scoring my name
Couldn't have been so wrong!
He couldn't have been so wrong!
He couldn't have been so wrong!
