"Shadow Kissing"

Iâ€™m shadow kissing you, on my balcony
Serenade from you, echoes in the streets
Oh I shall go to sleep

Oh we know weâ€™re magical
I hear your thoughts and you read mine
I saw your footprints in the snow
Well we played the game so fine
Oh â€œ Oh

Iâ€™m shadow kissing you, on my balcony
Boy it makes me blue, I need your company
Could you be more to me?

Oh we know weâ€™re magical
I hear your thoughts and you read mine
I saw your footprints in the snow
Well we played the game so fine
Oh â€œ Oh

Iâ€™m shadow kissing you, on my balcony
I feel so close to you
In my fantasy
