I cleaned out all my closets
Threw your skeletons away
And I swept up the mess that you left when you lived
here
And I buried it in a shallow grave

Now you're back here diggin'
Trying to find your way back in
And it isn't the first but it could be the last time
I let you break me down again

When you left this heart
I had to work so hard
To clean up after you, now you wanna walk right
through my door
Tracking dirty footprints, just like you did before
And if that's the way it is
Don't come home

Part of me's still hoping
Maybe you have changed your ways
Even if you haven't I don't know if I could stop you
Coming back here anyway

When you left this heart
I had to work so hard
To clean up after you, now you wanna walk right
through my door
Tracking dirty footprints, just like you did before
And if that's the way it is
Don't come home

This heart was your home
Did I let you live here too long
Should I stay or should I move on

When you left this heart
I had to work so hard
To clean up after you, now you wanna walk right
through my door
Tracking dirty footprints, just like you did before
And if that's the way it is

Don't come home
