Wanting to fight this feeling  
Wanting to turn and run  
My heart is sinking somehow  
But it ain't nothing you've done

You are the perfect partner  
You can love me like no other  
I don't wanna write an ending  
When we've just begun, no

Why do I wanna cry  
I tell myself they're tears of joy I should be smiling  
But I'm scared inside  
I need to leave behind  
The fear of crashing down because I know you'll  
catch me  
So I can fall

You're never keeping secrets  
And you never tell me lies  
See when a man won't hurt you  
He doesn't need to apologize

You say you're going nowhere  
And you say you'll always be there  
How can I doubt it  
When I see it in your eyes

Why do I wanna cry  
I tell myself they're tears of joy I should be smiling  
But I'm scared inside  
I need to leave behind  
The fear of crashing down because I know you'll  
catch me  
So I can fall

Right into your arms  
Where I can let go  
So completely  
Fall  
I don't wanna come back now  
My heart is fluttering like wings, oh

Why do I wanna cry  
I tell myself theyâ€™re tears of joy I should be smiling  
But Iâ€™m scared inside  
I need to leave behind  
The fear of crashing down because I know youâ€™ll  
catch me  
So I can fall
