Come Close

(verse)

It's a beautiful day  
Oh I cant  
stop thinking about You  
It's a beautiful day  
Oh I can't  
stop thinking about You

(pre-chorus1)

No one has loved me this way  
No one has loved me this way

(chorus)

Come close  
Come close to me  
So I can hear You breathe  
I know You will never leave  
Come close to me

(verse)

Oh You whisper  
such sweet  
words in my ears  
Oh You whisper  
such sweet,  
sweet words in my ears

(pre-chorus2)

How they change my life  
How You change my life

(bridge)

'Cause no matter how far I run  
to reach Your love  
You have always been right beside me  
'Cause no matter how hard I run  
to reach Your love  
You have always been right beside me
