Holding Onto You

(verse)

All around me
I feel a pulling
dragging me down
I'm hesitating
to reach for Your hand
Lord somehow please
Save me

(chorus)

I'm not afraid
I'll be okay
When I'm holding onto You
If I fall tonight
I'll be alright
If I'm holding onto You

(verse)

I hear You calling
In the distance
saying my name
You've been wanting
my attention
If only I'd realize

(bridge)

If i fall tonight
I'll be okay
If i'm holding onto You
If I fail tonight
I'll be okay
If I'm holding onto You

-

You're the One I've been chasing after
You're the Truth I've been chasing after
I'll be fine if I'm holding onto You
