Running out of breath
Like rest is out of reach
Overwhelmed and underneath
Hard to find the notes
On a broken string
Like all my plans unraveling

But I will not fear
You'll find me here

I will wait for You,
I will trust in You,
Everything You've promised me is true
You will rescue me,
Love me faithfully,
Be the peace that stills my raging sea,
The mercy in the moment of my need,
I believe

How could I forget
At least a thousand times
You've shown through
And pierced the night
I will not despair
When I don't understand
You love me through every circumstance

And I will not fear
You'll find me here

I will wait for You,
I will trust in You,
Everything You've promised me is true
You will rescue me,
Love me faithfully,
Be the peace that stills my raging sea,
The mercy in the moment of my need,
I believe

That You are with me
You are able

You are all I need
Loving Father,
My provider
You are all I need

I will wait for You (I will wait for You)
I will trust in You (I will trust You)
Everything You've promised me is true
You will rescue me,
Love me faithfully,
Be the peace that stills my raging sea,
The mercy in the moment of my need,
I believe
Yes, I believe
