(Chorus)

You can do you  
I'm a do me  
Roll up me blunt  
No stems or seeds  
We gone get high  
High  
High  
High  
(x2)

When I'm in the zone, sometimes I grab bong (and)  
Get high, and think of shit inside my dome like  
Where do I belong in this world full of misery  
Nobody will mention me, when I'm making history shit  
Look at these rappers now days gotta be kidding me  
Laughing at'em bring out the kid in me fuck nigga  
When your balling hoes want to fuck with'ya  
So when I'm paid I'm like, hey hoes middle finger  
But they still want to fuck, and I just want to fuck  
We party like new years till everybody's drunk, uh  
Top shelf sipping, yea ya boi saving up  
And I bet you in a few months Yo broad bumping us  
now  
Guitar hero, running after deniro  
Till my check reads more zeros  
I praying to god, but he never talks back

Them bullets I dodged still hit me in the back  
So what your crying for?

(Chorus)

You can do you  
I'm a do me  
Roll up me blunt  
No stems or seeds  
We gone get high  
High  
High  
High  
(x2)

When I'm the zone, sometimes I think you  
When I'm feeling blue,(so blue) legs in the air  
Got me feeling glued to your love hands your hair  
I know your dealing with a few

See you ain't got to lie about it, I will never cry about it  
I know you getting it, So baby don't become shy about it  
Just, roll up, Smoke the this good, while we pour up  
Gin and orange juice and don't throw up hahaha  
The nights young, But I'm an old soul  
It feels good to be in control, Hona
