[Hook]

Oh, heâ€™s the one, heâ€™s the one, heâ€™s the one
that I want
Heâ€™s got that heart, heart I believe in,
Heart that could beat my own
And, we can be, you can be, I can be anything you want
Everybody knows it, everyone knowsâ€¦

[Verse 1]

I need a moment for the moments I needed
This is fate, I believe it, they say that death can't be
cheated
I live the life of a queen, put my heart out with dreams
God will protect my achievements, â€˜cause
nothinâ€™ is what it seems
Got ambition and passion, donâ€™t act like itâ€™s a
surprise
They expected my weakness, but I managed to survive
Feel determined, yet hopeless, and itâ€™s a shame
that you gone
You was trouble with battles, but you an angel to one
I have conquered my struggles, Iâ€™ve been blamed
and named
Yet I wouldnâ€™t know success if I didnâ€™t know
pain
It ainâ€™t nobodyâ€™s fault, they just made it a
problem
How the fuck they gonâ€™ progress if society got
â€˜em?
Crave security and unity â€˜“ thinkinâ€™ they defeated
me
God made his children with his beautiful purity
I tell my spirit: â€œdonâ€™t fail me nowâ€¦
Weâ€™ve all got our battles and challenges somehow
I was destined for greatness, with the soul of a king
I donâ€™t curse none of my enemies, I let them sing
The voice of the young, and building with fuckinâ€™
honor
With an angel who supports me, and made me
stronger
Who knew about your issues? They were secrets you
kept

Don't be worried 'bout our friendship, homie, I
won't forget
Some people stay to the dark, and act like shit is all
right
Yet everything just seems wrong and they stray from
the light

(Fuck!)

(My bad, yo " alright, let's start from here)
lose our own fights, and we argue our fate
I will remember your face, but you at a better place
Til then I pray, some day, I'll be with you anyway
You told me I was the greatest, so I guess I'll be
okay

Oh, he's the one, he's the one, he's the one
that I want
He's got that heart, heart I believe in,
Heart that could beat my own
And, we can be, you can be, I can be anything you want
Everybody knows it, everyone knows!
