All them niggas love cocaine, I ainâ€™t sayin no names
Half you niggas got no game
I just want money, I donâ€™t need fame
Iâ€™m the boss yâ€™ all kids to me
What you think, Iâ€™ ma fuckin make history
I just canâ€™t fuck with the industry
Only my ex has been with me, little bitch ass
I ainâ€™t fuck or suck nobody with your bitch ass
This what hustle is you fake ass bitch, I did that
All this money I ainâ€™t got no place to fit that
Fucking rich ass
Damn, we used to be broke and shit
We focused bitch, we know our shit
The golden kid, Iâ€™ ma go with it
Till the queen turn ghost Iâ€™ ma go with it
Why you talkin but you ainâ€™t come to my face
A hunned fuckin asians out here finna hit your place,
bitch
I sign myself, fuck a deal I sign myself
All by myself, I try myself and I hustle till I go by myself
You jealous, itâ€™s nothin you can tell us
So donâ€™t act like you just realer
My name coca fuck your dealer bitch.
