Money on my mind, I dont fuck with scrubs
Everything criss, never fucking up
This is why the world show me lots of love
Ok, rookie in the game but Im jumping up
80 for the week, got some money to dump
You floss at the club, but youre broke all month
Thrifty ass niggas want something to hump
Tell the dj that honey cocaine shit pump
Shoppin in milan with my 7s on
Smack a bitch straight, dont get me wrong
I dont like to stunt, though my money is long
Rather do shows then just wrap these songs
Haters tryina plot, the world is cold
Money make a fool when they sell they soul
Know what I mean nigga, my mind is gold
Stay g, stay true, even if Im broke

[Hook]

Youre burnt out, youre burnt out
Ah, better work bitch, better switch your perm out
Your perm out, hahaha, ah
Youre burnt out, youre burnt out
Ah, better work bitch, better switch your perm out
Your perm out, ah
You aint never had a real bitch, alright, alright
I think rap really really needs a real bitch, alright,
alright
And real bitches gonna feel this, alright, alright
I think rap really really needs real bitch

Fuckin with me aint good for your health
You mad what Im doing, something good for myself
Hold it down, either way bitch, fuck your health
Aint gotta act fake, or my homies can tell
I really hate a lazy bitch
Bring me one of those, I shake the bitch
Ambition is the one thing that made me rich
And man everyday I was just game with it
I hope this sets some for me
Joining the honey team, I turn you G
Shut up when a real bitch speak

Got a problem with me, I wet you in your sleep
Hah, and I put that on rap, I dont give a damn if you
think you bad
Bitch I aint your friend, I aint smiling back
Get the fuck out my face, with all all'd that
