Drop me a line from your space in time  
Bring me a basket of loot  
I'm only trying to make you rhyme  
You know, yes you know  
We can just sit back and watch us grow  
There's so much to be shown  
Bring me a scene from your fever dream  
Take me alone in the night  
I'm only trying to make you right  
You know, yes you know  
We can just sit back and watch us grow  
There's so much to be shown  
Ooooh baby, all I'm needing to say  
Let me drive all the way  
You know, yes you know  
We can just sit back and watch us grow  
There's so much to be shown  
(guitar solo)  
You know, yes you know  
We can just sit back and watch us grow  
We can go baby, well well well baby  
Well well well baby  
Just sit back and watch us  
Just sit back and watch us  
Just sit back, oh just sit back, oh  
Just sit back, oh just sit back, oh yeah
