Did you hear that mikey kissed a girl  
Could it be your girlfriend or some other stupid hoe  
Did you hear that Timmy shaved his hair  
How much do you bet Janes not wearing underwear  
Her IQ is smaller than her skirt  
She pretends she wants it but she is just a flirt  
Joey slept with Susan and now they're going out  
Get ready cause

This is high school

Passing notes about what happened Saturday night  
Is it possible that there could be a fight  
Meet at the oak tree approximately 3pm  
I will beat your ass cause now you're in high school

Now you're in high school

Oh how we love these high school days  
Don't want to leave wish we could stay  
I'll really miss those cheerleaders  
They are the highlight of my year

Did you hear about how Mr. Halls  
Turns his back to the class so he can scratch his balls  
Susans dumping joey she says he sucks in bed  
But not as good as she does

This is high school
