You made a big mistake when you spoke the marriage
vow
You said some sweet sweet words you're coking on 'em
now
She's calling off the deal, she's calling on the law
But you still belong to you
She's taking your money, she's stealing your estate
You can run to the city, it's shattered anyway
Don't wanna be a burden, you let her have her way
'Cause you still belong to you
You belong to you, you
You belong to you, you
You wanna break down, you consider your life
You wander to a dream with another man's wife
Your dream goes up in smoke you can make it on your
own
'Cause you still belong to you
You gotta be right, you gotta be wrong
You gotta get tough when you live too long
I'll scream it all my life "boys must be strong"
And you still belong to you
There's a chill that I get when she push back your hat
And she pull the cigarette from your mouth
And she say "I don't care" as she brush back her hair
You politely throw her out
You belong to you, you
You belong to you, you
You belong to you, you
You belong to you, you
There's a chill that I get when she push back your hat
And she pull the cigarette from your mouth
And she say "I don't care" as she brush back her hair
You politely throw her out
You belong to you, you
You belong to you, you
You made a big mistake when you spoke the marriage
vow
You said some sweet sweet words you're coking on 'em
now
She's calling off the deal, she's calling on the law
But you still belong to you
You belong to you, you

You belong to you, you
You belong to you, you
You belong to you, you
You belong to you, you
You belong to you, you
(FADE:)
You belong to you, to you
To you, to you, to you...
