Thinking back on memories  
The road that brought me here  
How did it all go wrong  
I've made so many enemies  
I'm living out my fears  
I don't know where to turn, now I'm no longer your  
concern

Who's gonna save me from today?  
Who'll understand why I'm afraid?  
Reins on my brain stopping me again  
Demons wanna play  
And take me away  
I'll fight the demons from within me  
All by myself

Hope is slowing creeping  
into life each day  
the voices in my mind are willing me to stay  
watch me getting stronger  
there's so much left to say  
Now I finally accept that I'm the only one to blame

Chorus

Oh I'm gonna fight this  
And I know you won't like it  
Self control is all I need  
To stop this killing me

Demons wanna play  
I'll stop this killing me gotta stop this killing me!...
