Hey Marcus...
Hey What's Up?
Um, there's something I wanted to ask you...
Uh, what is it?
Will you do me a favor?
Oh no no no!

[Hook:]
Marcus?
What?
Will you be my baby daddy
And be the one to always make me happy?
Oh hell no!
Will you watch sponge bob with him
And teach him how to make a crabby patty?
Oh hell no!
Even know I got stretch marks
Will you still be down to get nasty?
Oh hell no!
Shit, I'm mad enough to throws elbows!
Please?
No!
Please?
NO!

[Verse 1:]
Throw me the mic
I got a flow to recite
You got a baby by a nigga that you don't even like
A broke nigga who thuggish
Always be talkin' rubbish
Sayin' he be causing ruckus
All because you were sluttish
Jesus, I can't believe this, friendship
That's the same mother fucker that you had cheated on
me with
I knew this would happen without a question
But you said
"I never have sex without protection"
Bitch please
You left me flowing down shits creek

You sex driven like a big freak
Plus our relationship has been breached
You took a big leap
And rumor has it you sucked his dick and kissed me
And now I'm suppose to be the father and the mental
guide
Like sure I'll take care of the little guy
Shit, you ain't puttin' me through the stress
I put your baby in a pillow case and beat it to death

[Hook:]

Marcus?

What?

Will you be my baby daddy

And be the one to always make me happy?

Oh hell no!

Will you watch sponge bob with him

And teach him how to make a crabby patty?

Oh hell no!

Even though I got stretch marks

Will you still be down to get nasty?

Oh hell no!

Shit, I'm mad enough to throws elbows!

Please?

No!

Please?

NO!

[Verse 2:]

I'm far from a fuckin' life saver

Not your friendly neighbor

But yet you called me during your labor

It's not my issue, take me off the menu

I'm not the one who put the motherfucker in you

I'm not a mean guy

I hate to sound that foul

But I don't give a fuck about that child

You damn right

See You chose him, then he fucked you

Too bad his dick didn't have any insurance

You knew that he was just a lame [?] prior to it

Now your ass hittin me up thinking I would do it

Hoping we gonna spark it off like some lighter fluid

That's kinda stupid

Face the facts bitch your life is ruined

Don't be callin me like "My life's a crazy blur,

Rashad don't take care of the baby and makes me hurt,

I wish me and you could go back to the way we were"

Shit we can

Just get rid of the baby first

[Hook:]

Marcus?

What?

Will you be my baby daddy

And be the one to always make me happy?

Oh hell no!

Will you watch sponge bob with him

And teach him how to make a crabby patty?

Oh hell no!

Even though I got stretch marks

Will you still be down to get nasty?

Oh hell no!

Shit, I'm mad enough to throw elbows!

Please?

No!

Please?

NO!

[Bridge:]

Now I won't be your baby's daddy

I'm not the one

But you can still give me some head

And maybe swallow some cum

And if you want it, I can deliver the (?)

But don't ever send the baby to find me

[Verse 3:]

Yo

Do you remember when I told you that I would love you
forever

And broke up with my girlfriend Heather

Kicked her to the curb

And got with you

Thinkin you were better

But found out you were a heart shredder

Yeah, I felt pretty stupid after that

Became the [?] that my crew was laughin at

I was foolish, that's a fact

So this is karma

You've been on my shit list

So ha ha ha ha

That's what you get bitch

[Hook:]

Marcus?

What?

Will you be my baby daddy

And be the one to always make me happy?

Oh hell no!

Will you watch sponge bob with him
And teach him how to make a crabby patty?
Oh hell no!
Even though I got stretch marks
Will you still be down to get nasty?
Oh hell no!
Shit, I'm mad enough to throws elbows!
Please?
No!
Please?

You fuck me over
He fucked you
