[Verse 1: Hopsin]

So I'm a flop? Nah, that's where you guys are wrong
I sh*t on n*ggas, that's why I rap with a diaper on
Don't be approaching me with none of your mess
Talking 'bout where I belong
Just tell your friends all bout me and sit
And watch as they minds get blown
N*ggas on that basic sh*t, now I'ma go ape a bit
I know y'all prayed for this, so don't trip
Here's a handkerchief for your razored wrists
My flows got a few ways to switch
N*ggas act hard, I'ma change the script
Everybody begging to be a buddy of mine
Cause they know I got skills y'all can't prevent
When I lace a hit you impressive, none
You can take it as a lesson, son
If you was smart, you'd drop the mic and
Try to stick up a bank with a weapon drawn
Pillow Man was slept upon
That's the reason the West was gone
But I set the bomb, when it blows up
You n*ggas will now where the heck I'm from
I'm keeping it raw fo' sho', flow's so diabolical
You all should know that it took like 10 whole years
Just for my balls to grow
No overnight success, I'm struggling just to write this
mess
The road to righteousness was more than words and
skill that I possess

[Hook]

I was the n*gga all you n*ggas used to clown
Now when I come around, I got you motherf*ckers like
"Wow!"
Yeah, how you like me now?
I'm flossin' all you n*gga's like Blaow!
How you like me now, motherf*cker?
How you like me...
How you like me now, motherf*cker?
How you like me...
Ay yo, let me see you clown, motherf*ckers

Let me see...
How you like me now, motherf*ckers
How you like me...

[Verse 2: SwizZz]

S-W-I-Z-Z and add another
My swagger makes your girl want to cut, like upper
I'm mad hot, dog, my 16s should come with mustard
If you think I have a big head, then you haven't see my
brother!
Stacked bad n*ggas swore I wouldn't make it rappin'
Promised it couldn't happen and hated with a passion
A mixtape later I silenced their laughing
Now the same ones would probably suck my d*ck if I
asked 'em
Its obvious I have it locked like CAPS
Rocking to a b*tch fight beat that slaps
I do it major, Poly Sci & Bio
I don't have haters only fans in denial
Now gimme a minute to hop in my zone, I'm making
'em pop like Mary
I'm rocking the party to act all retarded, I'm making
'em pop like cherries
I know this n*ggas is wild, but I will knock him down
Just answer this question for me:
How you like me, how you like me now?

[Hook]

[Verse 3: Hopsin]

Oh, so you wanna be cool? You wanna be pals?
You wanna be closest friends?
See a n*ggas so hot, that's why I'm popping up
Like I'm toaster bread
I say sh*t that don't get said
That's why I can't roll with feds
Illuminati got they eye on me
And they gonna see to it that a n*ggas don't get fed
My purpose ain't hard to see
I pull up on rappers like "pardon me
Your bars are weak, you spend too much time
Tryina get your sparkling charm to bling"
I be kickin them multiple syllables
Ripping up shows and holding my genitals
Get a dose of the wicked flow before your n*ggas run
up
Saying "Homie, you should've known"
It's crazy how life can switch
I ain't gonna lie to you mine was sh*t
Not anymore, sh*t changed up
From woman selection to size of tits

I know b*tches who can ride the dick
N*ggas who think that my eyes are sick
Showing them many agents who be loving
The melodies that I supply them with
I gotta a note for all y'all
In the rap game who got an album stacking dough
Y'all got big, chains'll start falling off like Michael
Jackson's nose
Who the illest? Y'all know
Hopsin, yeah, bravo
I'm 'bout to leave the building right now
AbadeAbade that's all folks
