[Verse 1]

Stop and listen

I rock it wicked, no competition on this shit

You gotta get it, there's nothing hotter than it

A whack rapper's what Hopsin isn't, I'll kick it

To ya if you got a minute you'll bob your head like a walking pigeon

Play my position, I'm kinda gifted when rhymes is kickin'

I got lots of this, I vibe to it as I rock a fitted

The amount of people that's feeling me is a hot percentage

They know I'm tight, but I'll be conceited if I admit it

I'ma climb the game until I'm up at the top of it

And don't be chicken to call me out if u got a problem with it

Unsilenced shit is gon' get you stuck in some violent shit

And feelings will be hurt so you're better off if you mind your bidness

Don't get it started, with that nigga Marcus, that kid retarded

It's gon' evolve to some ruckus, he'll prove your shit is garbage

He'll be the illest artist, realist on this rap

All you niggas out there wanna get him on your tracks

[Hook]

Mama keep the pots and pans in the kitchen uhh (x2)

I be banging on the pans in the kitchen

So mama don't be trying to hide the pans in the kitchen

Mama keep the pots and pans in the kitchen uhh (x2)

I be banging on the pans in the kitchen

So mama don't be trying to hide the pans in the kitchen

I like playing with the pans in the kitchen mama

You gon' let me play with the pans in the kitchen mama

Don't care what you say about the pans in the kitchen

mama

I'mma prove that I'm the man in the kitchen mama!

[Verse 2]

I used to push weight on the block
A fat bitch, she was barely able to walk
She was good for one thing, that was taking a cock
Till she told me she was pregnant, shit I'm thankful to
God
That she wasn't, coz all that shit was making me hot
I'm happy that she ain't the one to have a baby with Hop
She's so obese, I'd take her out and make her stay in
the car
Her body odor always smelling like some bacon and
farts
I'd tell her how I don't eat pork, she took it straight to
the heart
Ready to make an assault, she need to make her
fucking way to the barn
Cuz that's where she belong, better leave me alone
Calling, asking where I'm at like she need to know
But what a surprise, she thinking I'm the love of her
life? Becoming my wife?
Bitch, take some fucking advice
You wanna look nice? Trust me I'm right
Go to the motherfucking gym and lose the gut and
you're fine

[Hook]

[Verse 3]

I'm Marcus and yes I am stupid
Thought I was a smart kid? Guess again, stupid
I'm a Special Ed student
Give me a couple of bars and let the man prove it, cuz
there's evidence to it
I never knew it, but the rest of my class knew it
They must've thought I'd never remember the past to it
Fuck school, man, I never could pass through it
I never be that student that headed to class who gets
an A up on his report card
A nice kid who's so smart
Seem like when they threw me in Special Ed it got more
hard
Every year the cycle repeats over again
My friends graduate and I'm way older then them
Then they come to me, nice mugging me
Making fun of me
What do these ugly motherfuckers be thinking when
they fuck with me?
They lucky I don't suddenly go and become something
other than me
Like a fucking psycho, then whats it gonna be?
