Get it, yeah, wait a second, right here, now

I'm the rap maniac with the hooligan eyes, who's cooler than I

Whack niggas move it aside

When you heard I was a big deal you were surprised

West coast bitch, put ya w's in the sky

I spent my days as a refugee till the rap game

Came to rescue me and left my wrist paved in accessories

A dangerous necessitie I came here to wreck mcs

You're wrong if you thinking Wayne was the recipe

Nah, he ain't worthy of that, the controversy is back

Get off the kool aid stir me a batch

See I prefer to relax, but I can't and God knows it

Gotta stay raw with the flow that I'm diagnosed with

Oh shit, niggers keep fucking with my emotions

Maybe that's the reason that I suffer from psychosis

Shocking this high voltage, fuck it, my life's hopeless

So I had to make sure I killed it when I wrote this

Hop can probably make them bounce,

Hop can probably make them bounce,

Like a trampoline,

Hop can probably make them bounce,

Hop can probably make them bounce,

Like a trampoline,

Hop can probably make them bounce,

Hop can probably make them bounce,

Like a trampoline,

Hop can probably make them bounce,

Hop can probably make them bounce,

Like a trampoline,

Bounce like a trampoline, thousands that's amped as me

Kids run up on your school campus slap a dean

I grew on baggy jeans, pornographic nasty dreams

Moral of my damn story life isn't a happy scene

Wish I could stackin' cream, wish I had a Lamborghi

Wish I had the cover on a Rolling Stones magazine

I'm sick of the radio playing all these faggot teens  
Keep it real, show me something ill that I haven't seen  
For ten years I've been working on ill flows  
And finally got a fucking record deal and I'm still broke  
Man that's not common ,bombs that I'm dropping are  
dope  
But all that I can afford is some top ramen  
I notice that you all niggers like the dumbs in the stats  
I should stomp your ass out until your lungs collapse

No more corny cowabunga rap, we done with that, it's a  
rap  
Keep it up and get your tongue detached, come on

Hop can probably make them bounce,  
Hop can probably make them bounce,  
Like a trampoline,  
Hop can probably make them bounce,  
Hop can probably make them bounce,  
Like a trampoline,  
Hop can probably make them bounce,  
Hop can probably make them bounce,  
Like a trampoline,  
Hop can probably make them bounce,  
Hop can probably make them bounce,  
Like a trampoline,

I'm the last of a dying breed, hip hop lacks a variety  
That's the reason I thrash on society  
I get laughed at when I clash with a robbery  
Until they feel the wrath when I smash on their dynasty  
But I ain't Hollywood, I'm still the same kid  
Upon the same shit, rapping in the basement  
Catch me at your local school, skatin', bustin tre flips  
Left shoe lace ripped, you know how them days get  
Listen while the bass hit, the only thing that changed is  
the way that girls act  
Cause now they think I'm amazing  
I used to be the nigga chicks didn't wanna hang with  
Sitting alone with a carpi sun and raisins  
My senior year in high-school I was always truant  
Had a lot of homework but I would never do it, screw it  
I'm the king now, homie take a bow  
You need the crowd jumping I could probably make em  
bounce

Hop can probably make them bounce,  
Hop can probably make them bounce,  
Like a trampoline,  
Hop can probably make them bounce,  
Hop can probably make them bounce,

Like a trampoline,  
Hop can probably make them bounce,  
Hop can probably make them bounce,  
Like a trampoline,  
Hop can probably make them bounce,  
Hop can probably make them bounce,  
Like a trampoline,
