[Verse 1]

Yo, I work hard and barely get paid
How did I get stuck on this page
I've been starving for like six days
I should go and get a switch blade
And try to find out where this b*tch stays
I'm a lit flame, what's your future
I predict pain, slit veins, squished brains I'm just saying
Locked in the basement causes madness and errors
All I have to talk to is the f*cking man in the mirror
But you never saw it from my perspective
The craft that I perfected got rejected
And thrown out the window with no proper exit
I was humble, now I'm not as pleasant
I'm dropping wreckage on your shady dynasty, b*tch
I'm not to mess with
You made me think it was impossible that I could blow
And get a little money from selling records for copping
clothes
Let's talk about the 42 records that Hopsin sold
You sleeping on a f*cking pot of gold, so listen close

[Hook]

Don't you ever call me again
I'm not your buddy
I'm not your pal
Right here is where it ends, ends, ends, sorry for you
I'm not your buddy
I'm not your pal
You are my enemy

[Verse 2]

Yo, since when are buddies posed to be so mean
They must be hating the air that we both breathe
Sh*t we used to be tighter than emo jeans
The day I boss, stand back and watched the c-notes
gleam
I know you see me blowing up, growing up it disturbs
you
When my words move fanatics,
and in return you gotta post little blogs on the internet

Talking bout I've been a wreck, my career is wack I'll
never benefit
I hope you die a bitter death
Then lie in a graveyard in regret
Where all of the foul n*ggas rest
You hating cause you witnessing the best
So just confess
You shattered our friendship and you can't fix the mess
I'm not a bit impressed by nothing you've done
My name's stuck on your tongue
Motherf*cker you sprung
Give it up move on
You've taken this sh*t too far
You mad cause you unsatisfied with who you are b*tch

[Hook]

Don't you ever call me again
I'm not your buddy
I'm not your pal
Right here is where it ends, ends, ends, sorry for you
I'm not your buddy
I'm not your pal
You are my enemy

[Verse 3]

You were the love I used to see in my dreams
But when we met how come sh*t can never be what it
seem
I was pleased with the things we did together, it's like
we was a team
But you would change when I flee from the scene
Around me you were pure hearted, loving and caring
And when we hung out you'd even brighten up your
appearance
You fooled me like you were smart, cute and
something to stare at
But you was fronting little b*tch, now I'm struggling to
bare it
Because you were the opposite of what you told me you
don't do
Drugs, one night stands and you know that it's so true
You saw my heart exposed, grabbed a hold and then
broke through
Hoes are just so rude, f*cking bogus and cold to
Oh but there's no dude you would let interfere
With our love, that's the exact sh*t you said in my ear
When you arrived in my world, I thought heaven was
near
But time made it very clear that the devil was here
So f*ck you

[Hook]

Don't you ever call me again

I'm not your buddy

I'm not your pal

Right here is where it ends, ends, ends, sorry for you

I'm not your buddy

I'm not your pal

You are my enemy
