Inna the Belly of the beast you can't get no peace
This is the belly of the beast
Inna the Belly of the beast you can't find no peace
This is the belly of the beast (2x)

Their intension is their invention of their pollution
(the Belly of the beast)
To divide and rule, that is their tool for their illusion
(the Belly of the beast)
They make us fussin and and fight, and that's not
right... Unto human
(the Belly of the beast)
Only god alone can keep us safe and make us strong...
Coyote

Amazing abstraction all over
Complicated time
System make it so complicated
Yes they keep us so oblicated

Outrageous destruction all over, yeah
Perilous time

Inna the Belly of the beast you can't get no peace
This is the belly of the beast (4x)

Jah will man those broken hearts
Babylon try to tear this world apart (2x)

Regulations, bleeding nations
Fear control and observations
Execute your souls
Intoxicate your mind (2x)

We don't overstand
They have a trick
They have a plan
To execute the nation
(inna the Belly of the beast)

Never give up
Never give in
To Babylon regime

Inna the Belly of the beast you cant get no peace
This is the belly of the beast
Inna the Belly of the beast you can't find no peace
This is the belly of the beast

Bun Babylon
(the Belly of the beast)
This whole wide world
(the Belly of the beast)

Jah will man those broken hearts
Babylon try to tear this world apart

Amazing abstraction all over
Complicated time
System make it so complicated
Yes they keep us so oblicated

Outrageous destruction all over, yeah
Perilous time

Inna the Belly of the beast you can't get no peace
This is the belly of the beast (4x)
