She's a faker. And I hope that she dies.
She's so screwed up. Empty inside.
She's insane. You can see it in her eyes.
She believes in all of her lies.
She's a mental patient trying to fool the world.

I am the fire in the sky. I am the doom. I am the doom.
I have the keys to the future. I am the doom. I am the
doom.

I kissed her on her electric mouth.
And I was shocked.
I fell in love with the witch.

"I told you I'd call you back. Why don't you listen to me?
If I say I'm gonna call you back, I'm gonna call you
back! Stop bothering me!"

I am the fire in the sky. I am the doom. I am the doom.
I have the keys to the future. I am the doom. I am the
doom.

She's so crazy! I can't believe it's true.
I thought she was so crazy. And now I know it's true.

She pulled the wool over my eyes.
I guess i'm just desperate in disguise.
I guess I'm just desperate final.
But I'd rather live in that world.
I'd rather live under her wing.
As least there it all means something.

I am the fire in the sky. I am the doom. I am the doom.
I have the keys to the future. I am the doom. I am the
doom.

She's so crazy! I can't believe it's true.

I am the fire in the sky. I am the doom. I am the doom.
I have the keys to the future. I am the doom. I am the
doom.

She's so crazy! I can't believe it's true.

I am the fire in the sky. I am the doom. I am the doom.
I have the keys to the future. I am the doom. I am the
doom.
