Like a timebomb on the scene...
I'm not taking no for an answer!
I'm a sex machine and I will have you on your knees!

I'm the sex machine!
And I will have all of you!
I'm the sex machine!
And I will have all of you!

Some people like to cry in bed.
Well come to me so I can laugh at the tears you shed.
Some people like to cry in bed.
Well come to me so I can laugh at the tears you shed!

I'm the sex machine!
And I will have all of you!
I'm the sex machine!
And I will have all of you!

I've got all the drugs you want.
Everything you ever heard of!
Don't close your eyes sweet baby.
I'm gonna make us feel sick!

With my video camera.
I record my moves.
I am the director.
I am the sex machine!

I'm the sex machine!
And I will have all of you!
I'm the sex machine!
And I will have all of you!
