I'm getting sick of this  
This fighting's killing me  
There was a time when I'd gladly  
Would take this crap from you  
Yeah you were worth the pain  
But now its just a twisted game

Someday, someday, I'll say, no way  
To you, what else can I do  
This war, I swore, meant more, before  
You see, when you meant everything to me

You used to yell at me  
It used to turn me on  
But suddenly the feelings gone  
Now I just see your mouth  
And all the words get lost  
And it cant help but turn me off  
Someday, someday, I'll say, no way  
To you, what else can I do  
This war, I swore, meant more, before  
You see, when you meant everything to me

Times up, I've had, enough of you

There was a time and place  
You smack me in the face  
And that would be ok  
It's not ok today, today, no way

Someday, someday, I'll say, no way  
To you, what else can I do  
This war, I swore, meant more, before  
You see, when you meant everything to me
