Betty Wang, roll your jeans  
Cut your hair and clean your sleeves  
I don't care where you live  
Or how far uptown it is  
Across the street we could meet  
At the Edison Hotel  
Bought you lunch  
Bought you sleep  
Took you up my stairs to meet

If you have to be back by nine  
Telephone the report  
Take a taxi ten before  
You're the only girl on the team  
You don't golf  
You don't smoke  
You don't understand their jokes

And if you leave New York  
I don't care, I don't care  
If you leave New York  
I don't care  
I will follow you back to Tokyo

Betty Wang, you don't lie  
When you give career advice  
Off the clock, at a bar  
Singing Hammerstein and George  
You're the only friend on the team  
You don't laugh at my jokes  
I appreciate your time
