I don't care what you said back then
I just care what you say right now
When the feelin' is there it's there
But when the feelin' is gone it's gone
But for tonight I dream you're here
For tonight I write this song
Put the pen on to the page
Nd let the paper scream along
I want you right now
I need you right now
I want you right now
I need you right now
I hate the way I talk
Nd I hate the way I write
Sometimes it's better to stay in bed
Sometimes it's better to stay out at night
I said I could live without you touch
If I could die within your reach
I say that death takes way too much
Play me something I have to reach
I want you right now
I need you right now
I want you right now
I need you right now
