Seeking for this lost dream  
I once held so tightly  
I need something to break my fall  
I want you to hear my call

I'm sinking I'm falling  
Under the surface  
I'm slowly fading away  
You're secrets your lying  
Has built up inside me  
You chose to throw this away

You gave me a reason to believe  
That you could break my fall  
Every single word you could ever speak  
Would never break my fall  
There's another day there's another fight  
It didn't break my fall  
All the love and lost broken memories  
Would never break my fall

I'll take all that I own  
And set out into the unknown  
In this barren desert of hope  
I walk on this tightrope

I'm sinking I'm falling  
Under the surface  
I'm slowly fading away  
You're secrets your lying  
Has built up inside me  
You chose to throw this away

You gave me a reason to believe  
That you could break my fall  
Every single word you could ever speak  
Would never break my fall  
There's another day there's another fight  
It didn't break my fall  
All the love and lost broken memories  
Would never break my fall

For miles and miles away  
From any sign of fate  
No signs to lead me astray  
I will be back someday  
You gave me a reason to believe  
That you could break my fall  
Every single word you could ever speak  
Would never break my fall

You gave me a reason to believe  
That you could break my fall  
Every single word you could ever speak  
Would never break my fall  
There's another day there's another fight  
It didn't break my fall  
All the love and lost broken memories  
Would never break my fall
