When I'm with you alone  
I keep complete control  
I wanna tell you how I feel  
but when it comes to it I don't

All of that's about to change  
The truth is buried in my veins  
deep down I let the feeling grow and now I'll spell out in  
bold

No Hideaway, no Hideaway  
Just words I've wanna say words I gotta say  
I'll watch you break, I'll bring you pain  
I'll say it to your face, No hideaway

When you're with me alone I wonder do you  
keep complete control  
do you tell me what I wanna hear  
and keep your secrets stowed

All of that's about to change  
The truth is buried in my veins  
deep down I let the feeling grow and now I'll spell out in  
bold

No Hideaway, no Hideaway  
Just words I've wanna say, words I gotta say  
I'll watch you break, I'll bring you pain  
I'll say it to your face, No hideaway

everythings about to change, change, change  
this is what im trying to say say say  
everythings about to change, change, change  
listen what im trying to say say say  
deep down I let the feeling grow and now I'll spell out in  
bold

No Hideaway, no Hideaway  
Just words I've wanna say, words I gotta say  
I'll watch you break, I'll bring you pain  
I'll say it to your face, No hideaway
