It's not a story, not a song beat  
Don't go off like it supposed to be  
Nobody does it like they once said  
It's coming for you now you've lost it  
It's not a story, not a song beat  
Don't go off like it supposed to be  
Nobody does it like they once said  
It's coming for you now you've lost it

What am I doing right?  
Feels like everything is going wrong  
I'm writing songs, tryna make a name in the game  
Where I clearly don't belong  
My will is strong my heart is too  
Got big dreams gotta make them come true  
But it gets tough when they say they believe in you  
Even know your rent is due  
I got some good friends and a great mind  
Who keep me striving to move on  
Up all night, writing this fucking songs  
And my bank account is all overdrawn  
And I hate my life I'm so depressed  
Everybody telling me I'm next  
But they don't see this fucking stress  
I'm a fucking mess, so fuck my chest  
I don't fuck with drugs I only see what they do  
And I've lost way too many friends to blues  
And coke and pills, you know the drill  
But you can't live life like it's Beverly Hills  
You gotta grow up, and it's time for me to do that  
You don't gotta live with your head in the glass  
Just sniffing down  
There's more to life, there's more than lights  
There's more than blacked out and washed up  
nights  
There's more than cars, there's more than  
clothes  
Look why gain the world if you loose your soul?  
You can't be someone, you can't live your  
dreams  
You don't wanna be a kardashian

Fuck what you see on the TV screen

It's not a story, not a song beat  
Don't go off like it supposed to be  
Nobody does it like they once said  
It's coming for you now you've lost it  
It's not a story, not a song beat  
Don't go off like it supposed to be  
Nobody does it like they once said  
It's coming for you now you've lost it

What am I doing wrong  
And feel nothing here is going right  
I can't sleep most nights  
Cause I don't really know what I want out of my life  
I'm just backing up off a hunch  
Nobody told me I had a chance  
Tryna do this shit on my own,  
And I be honest to feel I can cause  
I fail the school and I'm on the road  
And I might drop out I want a  
But why would I go through law school  
If making music's my fucking goal  
But mom says she's proud, and I hope she is  
She's about to lose her house,  
And that ain't the life she deserves to live  
Cause she gave me everything when she had none  
She's got nothing but good days coming  
When I'll finally get something she'll have it all  
Cause you dealt with my dad be dad who beat her ass  
Every time he touched alcohol  
She put up with too much rain forest  
Restraining orders and all  
Still made a never involved  
With a bum like him, or his scum ass friends  
So same addictions  
Sometimes it feels like it was all fiction  
But really it's a crazy world we live in  
I dropped his last name as a kid, see  
I couldn't affiliate with someone so shady  
Who ain't even know how to care for his baby  
Oven how to treat his lady

It's not a story, not a song beat  
Don't go off like it supposed to be  
Nobody does it like they once said  
It's coming for you now you've lost it  
It's not a story, not a song beat  
Don't go off like it supposed to be  
Nobody does it like they once said  
It's coming for you now you've lost it

Forever ... life, a story for you and Iâ€¦
