Say I'm gonna be  
Say I'm gonna be  
Its bright lights ahaha

I'm trying to be a star but right now I'm stuck in the middle  
Yea I'm little but I'm ballin', no double dribble  
Some people say I'm real, some people tell me I'm ill.  
Some people even say why the hell the kid aint' got a deal.  
IDK but I'm gonna blow like a land mine  
Dudes gonna hate but women finna say he damn fine.  
Not now but in time I'm gonna shine like the Bat sign,  
chill on a beach,  
I'm reclined  
But for now I just spit up all these mad rhymes  
I'm gonna be POP-U-L-A-R  
Be chauffeured in big ass cars and smoke a real Cuban cigar  
Go to a casino and blow a grand on a hand a card  
Or go to the nicest club and just buy out the whole bar  
Ill exchange my Pontiac for a car with a nice ride  
And pop bottles with all of America's top models.  
Be on the cover of TIME and be called the man of the year.  
Now everybody raise their glass, that time is finally here, cheers

Popular, you're gonna be popular  
You're gonna be popular  
You're gonna be popular  
You're gonna be popular  
I'll have to be popular  
I'll have to be popular  
I'll have to be popular  
I'll have to be popular.

I'm gonna make a million, I'm hoping to make a couple more  
People are gonna stop and just stare when I'm walking through the door

Young and rich, yes I will, I'll pay all of my mama's bills  
Not now but in time, I promise I'm getting better still  
I'm 18 with a dream to be on that big screen  
They say I'm so nice but my style will come up so mean  
Because I'm a G, no I'm not whom I kidding?  
I'm not flyer than a pigeon I'm softer than little kittens.  
I won't tell you that I am the nicest when I'm spittin'  
But I'm quick enough to see so stay the hell out of my  
kitchen  
Though you will prolly get burnt, get fried or get  
steamed.  
My flow is extra dirty, I aint never been cleaned  
Now I aint hoping something steams man I'm killin' all  
these whack cats  
Chasing dreams, just hoping I'm on the right track.  
I'm finna blow so I think u should take a step back  
? kid here Like you hear Micky ? rap
