I pass by and you're talking to her
Laughing and smiling
at your own words

At a glance you're as happy as can be

A deeper look reveals your eyes

They are glowing with a fire inside

They look up and spread that warmth to me

Can't you see the things you're doing to me

But you and her is all you see

I'm blinded by the jealousy

I know you're "meant to be"

I know you're a "perfect match"

But I've tried our names before

And I like how it sounds

I've seen what you give her

And I've seen how you stare into her eyes

But you've given the same to me

So won't you give my eyes a try?

When she walks by, you smile and wave

But when you're with them you misbehave

Breaking the rules, you aren't yourself

But you are with me

Can't you see what I'm feeling inside

I'm standing here my arms open wide
But I can't admit it I'm tongue-tied
I know you're "meant to be"
I know you're a "perfect match"
But I've tried our names before
And I like how it sounds
I've seen what you give her
And I've seen how you stare into her eyes
But you've given the same to me
So won't you give my eyes a try?
Won't you give my eyes a try?
I guess this is what you get
When you give your all
To make him happy
This is what you get when all you want
Is for him to smile
But he's not smiling at me
I know you're "meant to be"
I know you're a "perfect match"
But I've tried our names before
And I like how it sounds
I've seen what you give her
And I've seen how you stare into her eyes
But you've given the same to me
So won't you give my eyes a try?

Won't you give my eyes a try?

I've given yours, so many times,

So please say you'll give mine a try
