Thinking, thinking, thinking, thinking

Now it's all I do

Thinking, thinking, thinking, thinking

Thinking about you

Wishing, crying, smiling, waiting

And you are to blame

I thought I was done with it

But I'm still the same

Get out of my head

You're driving me crazy

Get out of my head

I'm on my way to the edge

Get out of my head

The door is that way

Get out of my head

Get out of my head

Pushing, pushing, pushing pushing

But still you stay

Pushing, pushing, pushing, push-

Why can't you go away?

Hoping, dreaming, wanting, needing

None of it with you

When will my mind understand

That we are finally through

Get out of my head

You're driving me crazy

Get out of my head

I'm on my way to the edge

Get out of my head

The door is that way

Get out of my head

Get out of my head

Get *clap* out *clap* now *clap*

Do you hear me?

Get *clap* out *clap* now *clap*

Start to fear me?

Get *clap* out *clap* now *clap*

I am ready for

You to leave my life

Get out of my head

You're driving me crazy

Get out of my head

I'm on my way to the edge

Get out of my head

The door is that way

Get out of my head

Get out of my head

Get out of my head

You're driving me crazy

Get out of my head

I'm on my way to the edge

Get out of my head

The door is that way

Get out of my head

Get out of my head

Get out of my head.
