Words

Hurt

Anger and betrayal

I said things I didn't mean

It's over, now we get along

I think

But I look back at it

And I still feel mad

I don't think I'm done being upset

But how can I know if I can't run away?

(chorus)

I feel lost

I feel alone

Can't turn to you

Your faith's not my own

Their side is the right

I'm left standing by myself

I can't risk admitting it

Cause I'll just ruin everything

Though I think I already have

Flash

And I'm yelling at you

Then the silence

It's killing me too

Why does this have

to be so confusing

I can't fix it up

When I did nothing wrong

(chorus)

I feel lost

I feel alone

Can't turn to you

Your faith's not my own

Their side is the right

I'm left standing by myself

I can't risk

Admitting it

Cause I'll just ruin everything

Though I think I already have

Though I think I already have

Honesty

Trust

I'm losing them

And losing you

Second guessing

Should I turn my back?

Let them go and go the way I really wanna go

(chorus)

I feel lost

I feel alone

Can't turn to you

Your faith's not my own

Their side is the right

I'm left standing by myself

I can't risk

Admitting it

Cause I'll just ruin everything

Though I think I already have

Cuz I know I already have
