I didn't know you that well  
And you wanted to  
Change that  
You talked to me ev'ryday  
And slowly I began to  
Learn that

I heard the rumors that spread  
And I left them  
Alone... they said  
You thought that I was something else  
Why couldn't I  
Believe that

Oh, I didn't care  
Ignored those stares  
Left you where I thought you ought to be  
So now I care  
I give those stares  
And you're where you want to be

(chorus)  
I blame you  
For all the things you've done  
I blame you  
For all the trouble you've caused  
I blame you  
For making me fall...  
Yes you're to blame  
And I blame you  
For all the time I spent  
I blame you  
For all the sleep I didn't get  
I blame you  
For making me fall...  
Yes you're to blame

And now I know you so well  
And I like it  
That way  
I think that you are something else  
But you're not

Believin'

Oh, I didn't care  
Ignored those stares  
Left you where I thought you ought to be  
So now I care  
I give those stares  
And you're where you want to be

(chorus)  
I blame you  
For all the things you've done  
I blame you  
For all the trouble you've caused  
I blame you  
For making me fall...  
Yes you're to blame  
And I blame you  
For all the time I spent  
I blame you  
For all the sleep I didn't get  
I blame you  
For making me fall...  
Yes you're to blame

You make me smile  
You made me cry  
You make me  
Who I am today  
It hurt so bad  
I got so mad  
But in the end I was the only one left to blame

(chorus)  
I blame you  
For all the things you've done  
I blame you  
For all the trouble you've caused  
I blame you  
For making me fall...  
Yes you're to blame  
And I blame you  
For all the time I spent  
I blame you  
For all the sleep I didn't get  
I blame you  
For making me fall...

And I blame me  
For all the things I've done  
For all the trouble I've caused

For hoping you'd fall...  
I'm to blame
