"Blood"

It's been a long time I thought you'd get it
It's been a long time but I finally beat the blood back
like you
It's been a long time let's just forget it
You gotta drive lines and then slowly trace the veins
And put it back in your heart

You helped me to cut our losses
'Cause dreaming isn't living don't come home
Enough is enough coin tosses
We don't know how to treat it or leave it alone

We got what we want ask anyone
But war is war it's still medicine
The wind's at our back when we attack
'Cause God is our man He understands
The heart the heart it beats for blood
