Rejected by you  
For what we believe  
This world is a lie  
And you can not see  
The truth that we speak  
You don't want to hear  
You live for your world  
And you don't really care

Chained to the  
Chained to the  
Chained to the world

Weve been there before  
A slave to this world  
We followed the lies  
And the truth we ignored  
Our chains have been broken  
And we see what for  
Now we have freedom  
'cause were dead to this world

Dead to the  
Dead to the  
Dead to the world

Dead to the world  
Not slaves  
Dead to the world  
God were living for  
Not slaves anymore  
Dead to the world  
Don't be satan's whore

I'm alive 'cause i have died to  
This world  
I'll survive the end of time  
With my Lord
