"Hook Up"

I met the man that I wanna
He's gonna do what I wanna Tell him to do
But I'm gonna freak it with him t'll the mornin'
Taking me all these places
As if we're not gonna chase it
We're gonna hook up and face it
Hook up up until we break it
We're gonna hook up and face it
Hook up up until we break it
We're gonna hook up and face it
Hook up up until we break it

Give me give me what I wish
Looking Super-Delish
Got the sweetest good lips
And my appetite drifts
Give me give me what I wish
Like it like it like this
Boy you got me shook up
Do you wanna hook up?
