"Human Garbage Can"

Can't you see
Can't you see

Its murder in the first degree
Your killing my God's babies
It's not a fetus not a blob
Your ripping her head off

God did not create
Man to kill man
Did not create
A human garbage can

Brain waves can be measured at forty days
Babies feel the pain
At three weeks babies develop eyes and lungs
Stomachs and intestines

You are wrong
You are wrong
You can't see
That you are wrong

Abortion has killed over 28 millino lives
Don't believe the doctors they're already human lives
They say a fetus a lifeless piece of mass
Don't take the lies don't take it
Fight Back

This all happens before the mom even knows
That she is pregnant
Abortion has killed over 28 million
