I know our generation's lost  
And I don't know what to say  
Cause the future of tomorrow  
Is the youth of today  
10,000 missing angry kids  
They're nobody's fools  
Rejected from society  
They made their own rules  
With words of hate, bones that break  
And pain in their eyes  
This world's unwanted youth  
Will never compromise  
So build your walls, shopping malls  
But don't say it's ok  
Cause our generation's lost  
And destruction is on the way

#### Lost Generation

Now everyone has freedom here  
Take a look around and see  
From the run-a-ways to the throw-a-ways  
To the ones who wanna be  
Out of control and on their own  
With nowhere left to go  
But to the streets of slavery  
A place they already know  
So can you see where freedom lies  
To those who cannot see  
The chains of selfish living  
Are the chains of humanity  
And if you know real freedom  
Then you know our God above  
Cause he's the one who died for you  
And freed us with His love
