"Out Of My Skin"

I have always been perfect body and soul
How else would I e... ever get your loving at all?
I have allways been perfect soul and body
How else would I e... ever get you to love me?

(Love me, love me, love me...)

All my life,
I was fighting
My way out of my skin
All my life
I've been hiding
The girl I'm within
Till I saw you
And I had to let myself go
Till I saw you,
And I had to let myself go...
Go... go, go, go...

I... was fighting out of my skin
I... till I saw you and I had to go...
Till I saw you and I had to go...
And I had to... I had to just let myself go
Oh let myself go...
