Help me, please help me, I'm a victim of disaster
My life has just been ripped apart in seconds only
faster
I lost all hope I lost myself I lost my family too
So if there's a search and rescue will they find me soon

Burnin I'm burnin I just can't get out
Will someone please tell me what this is all about
I gave my time I gave my money, gave almost
everything
So why do bad things happen to good people like me

Red cross will you save me (4x)

Dreamin I'm dreamin will someone wake me up
This nightmare can't be real and I ain't givin up
I need some help, I need some faith
I need the cold hard truth
So if I'm here tomorrow will I be covered too

Learnin' I'm learnin' just who is there for me
He came and died and bled forever I am free
He covered me, he saved me and washed away my
sins
Upon the bloody red cross the beginning and the end
