You said I'll never manage without you
Break these walls without you
See me now...
See me now...

You thought I'll never make a move without you
Always had to walk behind you
See me now...
See me now...

And now you're gone
And I'll be strong...
Now you're gone
And I'll be strong...

Yeah yeah,
Oh yeah,
Yeah yeah
Oh yeah

You said I'll never manage without you
Break these walls without you
See me now...
See me now...

You thought I'll never make a move without you
Always had to walk behind you
See me now...
See me now...

And now you're gone
And I'll be strong...
Now you're gone
And I'll be strong...

Finally it's gonna be me, me!
Oh baby,
Eventually you gonna set me free, free!
Finally it's gonna be me, me!
Oh baby,
Eventually you gonna set me free, free!

Oh baby

(Oh baby... oh baby... my baby... yeah)

All these men are layers
All these chicken cowards
I'm walking away...
I'm running for my life
All these tears wasted
Always hesitated
About your love (ah!)
About your love (ah!)

And now you're gone
And I'll be strong...
Now you're gone
And I'll be strong...

Finally,
It's gonna be me...
Oh baby,
Eventually, you gonna set me free, free...
Oh baby,
F-I-N-A-L-L-Y...
Oh oh... yeah!

Set Me Free... !

Finally,
It's gonna be me...
Oh baby,
Eventually, you gonna set me free, free...
Oh baby,

Finally,
It's gonna be me...
Oh baby,
Eventually, you gonna set me free, free...
Oh baby,

Oh baby... oh baby... my baby...
