"Simple Life"

I want a color TV
And a newspaper blocking the door
I want a credit card key
And a new phone book on the floor
I want a getaway map of the hallway
I want a birdseye view of the Hyundai
So I can sleep sleep sleep
Or maybe I'll just sit in the car

But here there's no silence silence
There's no silence silence
Best thing is keep singing
(So simple, life)

I want a colorform theme
And a vending machine down the hall
I want a ready-made bed
And a passport safe in the wall
I want to have it just the way I couldn't give it
I want a life that lives the way we couldn't live it
So I can sleep sleep sleep
Or maybe I'll just sit in the car

But here there's no silence silence
There's no silence silence
Best thing is keep singing
(So simple, life)
